## SCHOOLS TO OPEN SEPT. 5

The regular fall semester for all Albany school children will start on Wednesday, Sept. 5. Cornell and Marin graduates, entering the eighth grade this fall, will report to the high school cafeteria at 8:45 a.m. Sept. 5, to meet their home-room teachers and receive their class schedules.

Kindergarten children will be enrolled Friday morning, Aug. 31, 9 to 12, in the kindergarten room of their particular school, at which time registration and health forms must be completed. It is essential that parents bring the child's birth certificate and have a record of his health history. Children must be five years of age on or before December 2, 1956, to enter kindergarten this fall.

All new elementary school children, grades one through seven, and all new high school students, grades eight through 12, should register Friday morning, Aug. 31, 9 to 12, in the principal's office of the school they will attend.

## Winners Listed in Scavenger Hunt of Recreation Dept.

The "second special event" day, Aug. 8, including a scavenger hunt and watermelon feed and sand castle contest, brought forth the children from the Albany area, more than 200 children participating in the events.

Winners of the sand castle contest were Terry Broderson, Floyd Elliott and Joan Gerrish.

The children were unusually successful in the scavenger hunt, the most difficult items to be found were six rubber mason jar rings, a four-leaf clover, a live flea and three typewriter ribbon boxes—but they eventually appeared in the collection. The first team to successfully acquire all of the articles consisted of Ron Bevenue, James Spicer, Gary Parsley, Dennis Tavera, Tim Johnson, Jerry Hine, Barbara Davis, Richard Parsley, Nancy Sebring and Steve Zerner; all received a blue ribbon. The second winning team consisted of Bob Kaer, Bob Goforth, Dave Ettinger, Gerald Davis, Mike Castro, Gary Hankner, Wayne Springston and Claster Newsum.

The scavenger hunt was followed by a softball game, after which all participants enjoyed to the fullest a watermelon feed.

Directors in charge were Estelle Bevenue and Joy Clarendon.

## This Is Albany

The engagement of Patricia Fay Cann to Martin William Steinberg was announced last month at her father's Monte Rio home. Former residents of Albany, Mr. Cann was owner of the Denali Portrait Studio and Fay graduated from Albany High.

Mr. Steinberg is from Silesia, now a part of Poland, and came to the United States three years ago from Hanover, Germany. He is now completing his apprenticeship with Luce & Co. in San Francisco. The couple plan a late February wedding. Miss Cann is now residing at 180 N. Mayfair, Daly City. She has been attending San Francisco State where she studied music. She is an accomplished musician and sang in a recent S.F. State opera.

Rev. Douglas H. Henderson, pastor of the Albany Community Methodist Church, returned last week from an 18,000 mile tour of Europe and the Near East. During the trip Henderson visited in England, France, Germany, Switzerland, Spain, Greece, Egypt, Lebanon, Jordan and Palestine.

Albany High Twelve Club will have a group of DeMolay boys at its luncheon meeting this noon at the Red Barn restaurant. The boys will be accompanied by DeMolay Counselor Wixon. Judge Louis J. Hardie, president of the club, will preside.

Albany Senior Citizens will hold their regular meeting on Tuesday evening, Aug. 28, at 7:30 in the club room at 850 Masonic Ave. William Mulligan will preside. Members will observe birthdays for the month, and there will be entertainment and refreshments.

First dance class of the season will be held Thursday, Sept. 6, from 8 to 10 p.m. in the Marin School auditorium. Seniors interested in square and ballroom dancing may obtain further information by calling LA 5-4165.

Mrs. Bertha Scholz, president of the Albany Democratic Women's Forum, has just announced that a rummage sale will be held tomorrow, Saturday, Aug. 25, starting at 9 a.m., at 4722 San Pablo Ave. in Berkeley.

Fred Pimental, chief of the Albany Fire Department, attended the annual convention of Fire Chiefs of the Pacific Coast Inter-Mountain Association, at Sacramento during the week.

The Ladies Auxiliary of Albany Post 2658, Veterans of Foreign Wars, has just announced the 22nd Annual National Essay Contest under sponsorship of the national organization of 375,000 members in 7,000 auxiliaries.

The contest is open to any eligible student attending a public, private or parochial high school.

## DEALERS TO MARK HUBCAPS

During the past year, the theft of automobile accessories has reached alarming proportions throughout the state and particularly in metropolitan areas.

The prime target for the thief has been late model automobile hub caps which cost the owners or insurance companies as high as \$80 per set to replace.

In order to curb the theft of hub caps, law enforcement officers in the Bay Area began a study of the problem and have arrived at what is believed to be an excellent solution.

A system has been devised in which the license numbers of the vehicle will be inscribed on the hub cap near the valve stem. This will be done with an electric vibrator needle and does no damage to the finish of the hub cap. Each time a vehicle comes under the observation of an officer he will check the hub cap number against the license number. If they should differ, then the burden of proof is on the operator of the vehicle to explain how this came about.

It is felt that if the system becomes popular the receivers of stolen goods will refuse to accept hub caps so marked, and persons who ultimately would purchase them will refuse to do so.

The following companies in town have pledged their support of the plan and will mark anyone's hub caps. Everyone is urged to avail himself of this free service and thus make the plan successful.

## Oakland Plans Big 'Air Fair' on Sunday, Sept. 16

Thrilling close formation flying by the Navy "Blue Angels" and Air Force "Thunderbirds" crack jet teams, aircraft exhibits and tours of facilities will be features of the fourth annual Oakland Air Fair, sponsored by the Oakland Naval Air Station.

The event, to be held at Metropolitan Oakland International Airport on Sunday, Sept. 16, is designed to promote interest in the facilities of the local airport and in aviation in general.

Martin Blatt is serving as chairman of the fair; he is assisted by Dusty Rhoads, vice-chairman; John Straub, reception; Richard Groves, queen show; Harry Adam, ground exhibits; Lewis McElroy, fly-in breakfast; Fred Dubois, publicity; Roy Streeter, promotion; Donald Denton, parking and police; Alfred Masysk, sound system, and Paul Simpson, concessions.

## B. of A. Will Open State Fair Branch

A Bank of America branch will be in operation at the California State Fair in Sacramento Aug. 29-Sept. 9 to accommodate exhibitors and visitors, the statewide bank announced today.

In charge for the fourth straight year will be John Leany of the real estate development department at the bank's Sacramento main office.

He will have eight fulltime assistants plus two more to help with peak Saturday, holiday and evening crowds.

As in other years, the State Fair branch will be located beneath the main grandstand.

## Official Visit to Berkeley Y.L.I.

Berkeley Institute No. 58, Young Ladies Institute, is making plans for the official visit of the grand president, Mrs. Joseph Finerty, on Tuesday, Aug. 28. The meeting will open at 8:15 p.m. in the Eagles Hall, 2238 San Pablo Ave. Miss Ellen Sweeney will preside.

## LEGION INSTALLS TONIGHT

A joint public installation of Albany Post 292, American Legion, and its auxiliary will be held Aug. 24 at 8:30 p.m. in the Albany Veterans Memorial Building, Portland and Ramona Avenues.

Past Commander Carl Waters of Albany post will be master of ceremonies, and Le Roy Holland, past commander of Albany post, will be honorary sergeant-at-arms. The installation team from Dimond Post 479, American Legion, under the leadership of Past Commander Frank Yeffa, will install the post officers.

The ladies of the auxiliary will be installed by the 10th district ritualistic team under the leadership of Mrs. Bertha Tarr, junior past president of the 10th district. Gilbert Sutherland will be installed as commander of the post while Mrs. Katherine Hammer will be installed as president.

Other post officers to be installed include Richard Ball, first vice commander; William H. Jones, second vice commander; Charles Lindh, adjutant; William H. Harpman, finance officer; Irving Jones, chaplain; James Eskine, sergeant-at-arms; George Rittenberg, marshal; John Hamilton, historian; board of directors, Carl Waters, Ralph Buckwalter, Harold Ogden, Donald Karns, C. Eddie Johnson and Irving Jones.

Auxiliary officers will include Grace Jones, first vice president; Ella Cien, second vice president; Zella Lindh, secretary; Alta Klein, treasurer; Edythe Purcell, historian; Mabel Nelson, chaplain; Blanche Ogden, sergeant-at-arms; Berna Tobin, marshal; executive board: Catherine Sutherland, Dorothy Holland and Bessie Scott; Una Rodrick, musician; and Edith Jones, parliamentarian.

Other officers assisting Mrs. Tarr are Edna Gray, honorary sergeant-at-arms; Laverne Cheval, first vice president; May Cormack, second vice president; Drusilla Bourdon, secretary; Evelyn Albert, treasurer; Edith Canon, chaplain; Gladys Lewis, historian; Marie Wright, marshal; Shirley Lansberry, musician.

The committee of arrangements includes Lois Purcell, Katherine Hammer and Gilbert Sutherland; refreshments committee: Ruth Sloan, Ramona Turnbull, Maud Talmadge, Iola Hamilton, Agnes Ruth, Rilla Moore, Edith Jones, Ruth Holland.

Musical numbers will be furnished by the championship trio of the State Department, American Legion Auxiliary: Miss Shirley Lansberry, Mrs. Lillian Holland and Mrs. Eleanor Sues.

## Proclamation

BELIEVING that every American regardless of political affiliation or conviction has the duty as well as the right to vote and that the obligation to participate in public decisions increases each year, I hereby ask the citizenry of Albany to make every effort to increase its voter registration.

WHEREAS our Government imposes responsibility upon all, and permits the expressed will of the majority to become the program of all, I urge that you assume your responsibility and express your will by voting in the coming election. Closing date for registration is Sept. 13, 1956. If you have moved or if you have missed voting at both the primary and general elections, it will be necessary for you to re-register. (Failure to vote at the primary election alone does not disqualify one). For your convenience, you may register at any time, at the Fire Station located at Washington and San Pablo Avenues. It is important that every person qualified to register do so immediately.

NOW, THEREFORE, I, Lewis M. Howell, Mayor of the City of Albany, do hereby proclaim the week of Aug. 26, 1956, as REGISTRATION WEEK and urge all citizens to conscientiously join in a drive to increase Albany's registration totals.

LEWIS M. HOWELL.

O Lord, who lends me life, lend me a heart replete with thankfulness.—Shakespeare.

## Albany United Crusade Organization Prepares for All-out Drive in October

Recruitment of volunteers in the Albany United Crusade organization has moved into high gear during the last few weeks, according to Bill Harpman, community chairman.

The roster for the public employees division is complete, and includes Inspector Art Smith, Albany Police Department, chairman; Bob Olson, city treasurer, vice-chairman; Lucille Johnson, for city hall; Norman Carr, public health; Gerald Browne, fire department; George Wahnop, streets and parks; and Emmett Devine, recreation.

Police Chief Ralph Jensen, Albany Crusade cabinet chairman, recently announced the appointment of Mrs. Eugene Blank as Albany's special events chairman. This job includes organizing and programming the local report luncheons in cooperation with the Berkeley chairman.

At a recent meeting, Albany's stake in the United Crusade was outlined by Bob Dreher, vice-chairman of the Eastbay United Fund community campaign, for civic and business leaders, including Jerome Blank, city councilman and local realtor, and John Pleich, president of the Chamber of Commerce and owner of Flowerland Nursery. With solicitation of business firms reorganized and streamlined, present plans call for a two-day blitz

## Unruh Chorus Will Open Season On September 30

The opening of the fall season in September will mark the start of the 25th year of continuous cultural service to the Bay Area by the Unruh Philharmonic Chorus. The community chorus under the direction of John Unruh of Oakland will perform a large variety of public concerts to celebrate its silver anniversary of activity.

Regular members, former members and also new singers are invited to join the chorus during this full year of musical celebration. Registration of returning members and applications for new members will be received in person on Tuesday evening, Sept. 4, at 7:30 p.m. in the First Methodist Church of Oakland at 24th and Broadway. Visitors will be welcomed Sept. 4 and 11, and are encouraged to make application at that time since membership will remain open for a limited time. All singers are encouraged to enroll early.

Scheduled concerts for the fall include a co-concert for selected singers with the Oakland Municipal Band in Lakeside Park on Sunday, Sept. 30. Traditional "Messiah" performances will be given Dec. 3, 4 and 9. Other performances for the fall and early spring are now in the planning stages.

As a tribute to the late Dr. David Unruh who founded the Philharmonic Chorus that bears his name, 25th anniversary recognition ceremonies will take place during the week of Sunday, Dec. 2. A staff of 20 committees has been set up by the board of directors, headed by Bert Griffin, president, of Berkeley, to carry out the activities of the silver anniversary; watch this paper for further details.

## Barbershop Quartet Sings at State Fair

The Ramona Four, well-known local barbershop quartet, will travel to Sacramento on Reuben's Day, Sept. 8, to perform at the California State Fair. This popular group, members of Ramona Council 206, Degree of Pocalontas, and East Bay chapter, Sweet Adelines, Inc., has appeared on many civic and fraternal programs in the Bay Area.

The East Bay chorus now numbers 21, and membership is now open to a few more women who like to sing. A trained voice is not necessary. Interested women may call Marian Caruso, director, LAndscape 5-7858.

## SPARK PLUGS

Your car will start easier and will have better acceleration if the spark plugs are cleaned and the points adjusted regularly, says the California State Automobile Association. This should be done every 10,000 miles if your car is vintage 1953 or older; every five to six thousand miles if your car is a late model with a high compression engine.

## ALBANY TO CALL TRI-CITY MEETING

Following a brief discussion at the Albany City Council meeting of last week the subject took on major importance on Monday night when Mayor Howell explained that there was a move on foot by Richmond and El Cerrito seeking a more southern access to the new East Shore Freeway, and apparently lining up with Albany's desire for a link between San Pablo Avenue and the freeway to the north of the Albany Hill.

Councilman Jerome Blank explained also that the Highway Department had under consideration a new alignment of the freeway between the present overpass to the south, and the present access plans at the Carlson Boulevard-East Shore intersection to the north. Blank explained the tentative plans call for a swing of the freeway to the west at the south end of that intersection and a junction with Hoffman Boulevard, at which point Hoffman would become a part of the freeway.

He said the general impression was that Central Avenue, where an access had been planned, was now considered too narrow and too far north for the purpose and that El Cerrito officials believed a connecting link at or near the county line would prove of greater utility, especially with the building of the big shopping center next year just north of the Alameda-Contra Costa line.

Members of the council agreed that such a link between San Pablo and the freeway could best be located at or along the county line and it was even suggested that Cerrito Creek could be covered over and the connecting highway be built above it, as Blank said engineers had told him could very well be done.

Final result of the discussion was that instructions were issued to the city clerk to issue invitations to representatives of the cities of Richmond and El Cerrito, and to the Albany Planning Commission, to meet with the council in the Albany council chamber on Sept. 5 for a discussion of the matter in all its aspects. It was brought out that highway funds would be available for the purpose, and that sample gas tax funds also were available for Albany's share of such a project. City Engineer McAuley estimated that such a highway link could be constructed for approximately \$70,000.

Other matters taken up by the council included a discussion and further postponement of the problem of cleaning up the boundary creeks to the north and south of the city. Mayor Howell was instructed to arrange a meeting with City Manager John Phillips of Berkeley to endeavor to iron out the problems involved.

The council approved the request of Emmett Devine for the hiring of Tony Kalberer as a gardener in the park department. At the request of Mrs. Zahn, the hiring was approved on a daily basis until further study has been made, the cost to be absorbed by the \$6,000 fund for the rehabilitation of the Colonnades Village buildings, where Kalberer is now working and supervising "Workrecreation" boys in cleaning up the buildings and grounds. The Workrecreation wage scale was set at 80 cents an hour.

At the suggestion of Councilman Donahue a letter of appreciation was ordered sent to City Health Officer Dr. Robert T. McMahon for having interrupted his vacation to come back to the city to give a physical examination to 24 boy candidates for the Workrecreation jobs.

## Jewish Family Picnic on Aug. 26

A family picnic is being held by the Jewish Community Center of Berkeley and vicinity, 2301 Vine St., Berkeley, at Codornices Park on Sunday afternoon, Aug. 26. The program will include folk singing and dancing and there will be supervised activities for youngsters aged five and older. Picnickers will bring their own lunches and the center will provide home-baked cake, coffee and milk. Admission is 25 cents for each adult. Newcomers are most welcome.

## Nina Newton Bride in Albany Wedding Rites

Miss Nina Newton, daughter of Charles W. Tansley and the late Mrs. Tansley and sister of Mrs. Jerome Blank, became the bride of Earl F. Hazelton on Saturday afternoon, Aug. 18. The simple ceremony was held at the Albany Community Methodist Church with the Rev. Douglas H. Henderson officiating.

The groom is the son of Mrs. Ann F. Hazelton of Oakland.

Nina was graduated from Albany High School and is now employed at the University of California Radiation Laboratory in Berkeley.

Mrs. Jerome Blank attended her sister, while Mr. Blank performed the best man duties. The flower girl was Marcia Blank, and little Kent Newton was the ring-bearer.

The newlyweds are motoring in Northern California on their honeymoon. They plan on making their home in Albany while Earl continues his studies at the University of California. He is majoring in electrical engineering.

## Tractor Accidents Hazard to Farmers

Tractor accidents kill about 1,000 farmers every year, according to the 1955 edition of "Accident Facts," the statistical yearbook of the National Safety Council, which is just off the press. One-third of the tractor deaths occur in highway accidents while the tractor is being moved from one place to another.

**OIL DOES IT!**  
Up on Mount Palomar that telescope with the 200-inch lens weighs all of 50 tons, and yet a little one-half-horsepower motor only slightly bigger than the one you have in your washing machine moves this scope around in pursuit of a star. How is all this possible? It's oil that does it, according to the National Automobile Club. A film of oil that is three one-thousandths of an inch thick reduces friction to a trifling minimum at the great bearings that support the telescope, and she swings gracefully around in pursuit of a star.

**SCIENCE IN YOUR LIFE**  
Guarding Against Lockjaw  
For children, summertime is the barefoot time of the year—which makes it also a time of danger. For going without shoes, pleasant though it is in hot weather, invites tetanus, the deadly disease sometimes called "lockjaw". Tetanus germs live in the soil, and they thrive best in narrow, deep wounds which are not exposed to the air. This is precisely the kind of wound most commonly inflicted on bare feet by rusty nails or other sharp dirty objects. Fortunately, most children today have been immunized against tetanus by the "shots" which in many states and cities are given at school. The shots consist of the poison or toxin produced by the tetanus germ, but made harmless by special chemical processing. Though it can no longer cause the disease, it is still capable of provoking the body into producing a defense against it. For those who have not been immunized, a dirty, penetrating wound is the signal to the physician for immediate injections of antitoxin. Recently, two Johns Hopkins researchers have suggested that penicillin or Terramycin, which kill the tetanus germs, be given along with the antitoxin; tests indicate that Terramycin is probably the more effective of the two. Thus the dangers of lockjaw are no longer as grave as they once were. Both protection and effective treatment are now available. It's important, however, to give modern medicine full opportunity to protect your child — by promptly reporting deep skin injuries to your doctor.

May God give unto us all that loving sense of gratitude which delights in the opportunity to cancel accounts.—Mary Baker Eddy.

**CHRISTIAN SCIENCE**  
The healing power of divine Love will be set forth at Christian Science services Sunday in the lesson-sermon entitled "Christ Jesus," at 533 San Pablo Ave., Albany.  
Jesus' assurance to his disciples of their ability to heal the sick by means of prayer will be included in the Scriptural reading (John 14:12): "Verily, verily, I say unto you, He that believeth on me, the works that I do shall he do also; and greater works than these shall he do; because I go unto my Father."  
Selections read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will include the following (243:4): "The divine Love, which made harmless the poisonous viper, which delivered men from the boiling oil, from the fiery furnace, from the jaws of the lion, can heal the sick in every age and triumph over sin and death."

**GRACE LUTHERAN**  
At Grace Lutheran Church, Santa Fe Avenue at Ward, the Rev. O. R. Jarke, pastor, will speak in both services next Sunday at 9:45 and 11 a.m. on the topic, "The Work of Our Hands."  
"Jacob Gets the Birthright" will be the lesson topic for the graded classes of the Sunday school meeting at 9:45 a.m. The parish Bible classes meet at the same hour.  
The voters' assembly under the chairmanship of Francis Crowl will meet next Monday at 7:45 a.m. in the parish hall.

A lot of great ideas have been brought into play in the more than 100 years of California State Fair programming, and for our money one of the best is the introduction this year of the Consumer Survey Council.  
Conceived and engineered by state fair executives, the CSC is shaping up as a plan with virtually limitless possibilities for many fairs to come. It has the kind of ingenious but simple appeal that should make it an instant hit with both the general public and industry, according to Ward D. Walkup, director in charge of commercial exhibits.  
In its first showing at this year's fair (Aug. 29-Sept. 9) the Consumer Survey Council will offer fairgoers a chance at judging the various features of "free-standing appliances"—washers, dryers, refrigerators, etc. They'll be able to see the selling points of each demonstrated, and will be asked to rate them on special rating guides.  
This procedure not only gives the public a rare opportunity to indicate just what it needs and wants in a home appliance, but also tips off the various manufacturers on points it can add or improve upon in future models. Fairgoers who take part as judges will also be in line for the awarding—on the last day of the fair—of all demonstrated appliances. How can they afford to stay out of it?  
The beauty of the CSC program is that it can in future years be extended to just about any manufacturing field you care to name. It's a real "sleeper" for consumer and industry alike.

**ST. ALBAN'S EPISCOPAL**  
Services at St. Alban's Episcopal, Albany:  
7:30 a.m., celebration of holy communion.  
9:15 a.m., family service. Nursery care provided.  
11 a.m., morning prayer and sermon. Nursery care provided.  
The officiant at all services will be the Rev. William Z.L. Sims, D.D., Episcopal west coast college pastor for Oriental students.

**FIRST BAPTIST**  
The Rev. Thorbjorn Olsen, superintendent of the Seamen's Mission, San Francisco, will supply the pulpit as guest speaker at the morning worship service, 11 o'clock. Special music will be rendered by talents from the church.  
The evening gospel service begins at 7:30 p.m. Bill and Kathy Statton will have charge of this service. They have just graduated from Redlands University and will soon leave for the East to continue their studies.

**The Battle of the Beard**  
Who was the first man to whisk off his whiskers? History doesn't say. Probably some cave man who was told by his cave gal, "It tickles!" Clam shells did the trick.  
Scipio Africanus, famous Roman General, ordered all his men to shear off their beards. He was losing too many soldiers in battle, due to the enemy reaching for the whiskers and shaving them off—head and all.  
Modern woman scorns the man with his face in a shadow. Hence, the huge output of blades, brushes, lather, sharpeners and similar whisker-devouring devices.  
The electric shaver solves all. You can shave in bed, in your car, while reading a newspaper, at your desk—most anywhere. And the Norelco rotary shaver makes it painless, quiet—and fast.

**The Savings Bond that went through the wringer — without shrinking!**

There's no doubt about it. The modern automatic washer does a pretty thorough job on a Savings Bond. But it takes more than dampness, decolorants, or detergents to destroy its value as this story illustrates.

The above photograph shows what happened when a U. S. Savings Bond, left by mistake in a man's shirt pocket, went through the family washing machine. It looked like a real blue Monday for that Bond-owning family—until they told their story to the U. S. Treasury. The Government replaced the Bond. The family, realizing more than ever the value and safety of Bond ownership, stepped up their Bond-buying program. And they all lived happily ever after.

This true story illustrates why Bonds are said to be "Safer than Cash." Each year the Treasury replaces thousands of Bonds lost either through carelessness or through the whims of nature. Every major flood, tornado, explosion or fire brings a wave of applications for Bond replacement.

So here's something to remember. Any of your Savings Bonds that are lost, stolen or destroyed will be replaced by the United States Treasury without charge.

U. S. Savings Bonds are not only safer than cash but one of the best investments you can make. You can be sure of the principal, sure of the returns (an average 3% interest when held to maturity)—and sure of the future when you invest regularly in Savings Bonds.

So start investing in Savings Bonds today—either on the Payroll Savings Plan where you work or at your bank. That's the safe and sure way to clean up.

#### TRAFFIC ACCIDENTS

A total of 20,753 persons were injured and 858 were killed in traffic accidents in the unincorporated areas of California during the first five months of this year, according to the National Automobile Club. This represents an increase of 5.93 per cent and 8.60 per cent respectively over those injured and killed during the same period of 1955.

#### CENSUS OF WILD LIFE

California Department of Fish and Game men use aerial photographs in taking census of wild life, reports the National Automobile Club.

#### NIGHT FISHING

It is now legal to take trout in Massachusetts at any time during the day or night in open season, reports the National Automobile Club.

CLEANING UP operations are under full swing at the recreation and administration center, recently leased by the City of Albany from the university. Shown above are five "Workreation" boys busy replanting and dolling up the softball field. Left to right, front row: Louis Webb, 15, of 843 Washington, and Albert Mann, 16, of 1214 Marin. Back row: Dan Torrez, 16, 932 Pierce; Richard Kirby, 16, 1058 Masonic, and John Ginty, 16, of 1050 Cornell. The Albany Workreation program calls for the boys to work from 8 in the morning to noon, five days a week; then enjoy two hours of recreation after lunch from 1 to 3 p.m. The boys are paid 80 cents an hour for the working hours, and are under the direction of the Albany Recreation Department.

HERE ARE TWO of the boys working under the Workreation program, busy cleaning up one of the three buildings leased from U.C. by the City of Albany, and formerly a part of Codornices Village. The boys are Bill DeMello, 15, 1492 Sonoma, at left, and Brad Klemm, 14, 1131 Garfield. —Gazette photos.

### Atomic-Age Navy Has Need of Many College Students

Is the Navy obsolete? Definitely not say the Aug. 11 issue of the Saturday Evening Post in which a famous military expert, Hanson W. Baldwin, tells the inside story of our atomic-age fleet and its scientific marvels.

"Teardrop hull forms, hydrofoils, or 'sea stilts,' for planes and boats, nuclear power plants, torpedoes that relentlessly spiral and seek their targets like dogs casting for the scent, atomic depth charges that can crush ships' hulls like egg-

shells; planes far faster than sound, missiles that "ride" invisible beams toward their targets—these are only a few of the modern wonders of the new Navy," states the Post.

The Navy urgently needs young college men who want to fly with the "Jules Verne and Buck Rogers Navy" of today. The naval aviation cadet program and the new aviation officer candidate program offers the finest in flight training to two year and four year college graduates respectively.

For more information about your part in the miracle sky age see your nearest Navy recruiting office, located in Room 224, Oakland Post Office Building.

**"KING"-SIZE PACK**  
 The trouble managing a "big" or Bridge hand? Then here's information that should interest you: Did you know that the deck of our present-day pack contained not 52 but 78 cards? Dating all the way back to the Dark Ages and now used primarily in the Mediterranean region for fortune telling, the Tarok deck, also known as Tarocchi, bears a similarity to our more modern decks. Fifty-two of the cards are to our usual deck, but the Tarok suit contains an additional six cards which bring the total to 78. In addition to these six cards there are 22 cards called Atouts.

Atouts were originally numbered one to twenty-one, with the exception of one card which was called "Le Mat" (the Clown). The highest in the entire deck, this card was usually the runner of our present day

Each of the early Atouts bore a descriptive name, usually in French but sometimes in Italian, and a full length illustration or design showing various conditions and situations affecting mankind. Some of these titles and illustrations were rather terrifying: Le Pendu (Man Suspended by a Foot), Le Diable (The Devil), La Mort (Death) and Le Maison Dieu (Tower Struck by Lightning). Others took a more dignified turn: L'Impératrice (The Empress), La Lune (The Moon), Le Pape (The Pope) and La Tempérance (Temperance). Still others were related to such earthly things as Les Amoureux (The Lovers), La Roue de Fortune (The Wheel of Fortune), L'Ermite (The Hermit) and Le Bateleur (The Juggler).

Of great significance in the Tarok deck are the four common suits which are basically the four suits of our modern deck. Each represented a social position in life in the Middle Ages: the nobility, symbolized by swords; the clergy, by cups or chalices; the tradesmen, by coins; and the peasants, by staves. These are today's Spades, Hearts, Diamonds and Clubs respectively.

The Tarok cards are still being printed in Europe and are occasionally seen in the United States where Gypsies use them for telling fortunes. The Tarok deck isn't the largest in the world, however. There's an Indian deck which contains 144 cards—eight suits with 18 cards in each suit.

## Pick your savings target

## and shoot straight for it!

A home... financial security... a business of your own. Important savings targets like these cost money—more than most of us have. But here's how you can score a bull's-eye and walk off with the big prize you want.

The secret of saving is system. And the simplest, most automatic saving system is the Payroll Savings Plan. Best of all, you do more than save through Payroll Savings. You invest your money, too, and make it grow. Here's how it works:

Tell your company pay office how much you want to save each week. Then that amount will be put aside for you before you have a chance to spend it. Your money will go automatically into U. S. Series E Savings Bonds.

Because Savings Bonds earn good interest—3% compounded semiannually when held to maturity (9 years and 8 months)—they're soon worth much more than you've invested in them. And your Bonds will continue to pay this same good interest as long as 19 years and 8 months. That means a return of up to 80% more than you originally paid.

Even if you've never been able to save before, this plan is guaranteed to work. So sign up today for Payroll Savings where you work — or invest in Bonds regularly where you bank.

For the big things in your life, be ready with U. S. Savings Bonds.

## Harness Racing At State Fair Aug. 29-Sept. 9

SACRAMENTO—Harness racing, "one of America's traditional events at fairs, will be back in full stride at this year's California State Fair and Exposition, scheduled Aug. 29-Sept. 9, according to J. E. Courtney of Sacramento, director in charge.

An extra day of racing will provide two extra harness events, giving owners an added incentive. Purses will total \$15,700, with a \$700 minimum per race. Total purses last year were \$14,500.

The first two races on each day's program are set aside for trotters and pacers, with events about equally divided between the two classifications. Pacers are scheduled as "overnights," and do not necessarily include both pacers and trotters in a single day. Track events will be held daily excepting Sundays.

At least 125 of the best horses on the Pacific Coast are expected, most of which will be housed on the grounds. Others will be brought by van from such points as Stockton and the San Francisco Bay area.

Operated under the rules of the U.S. Trotting Association, sulky races at the state fair are noted for their "evenness" of competition. A "money won" system is used in determining what horses will compete in each race. A trotter with winnings beyond \$10,000, for example, is not allowed to compete against a horse having won under \$5,000.

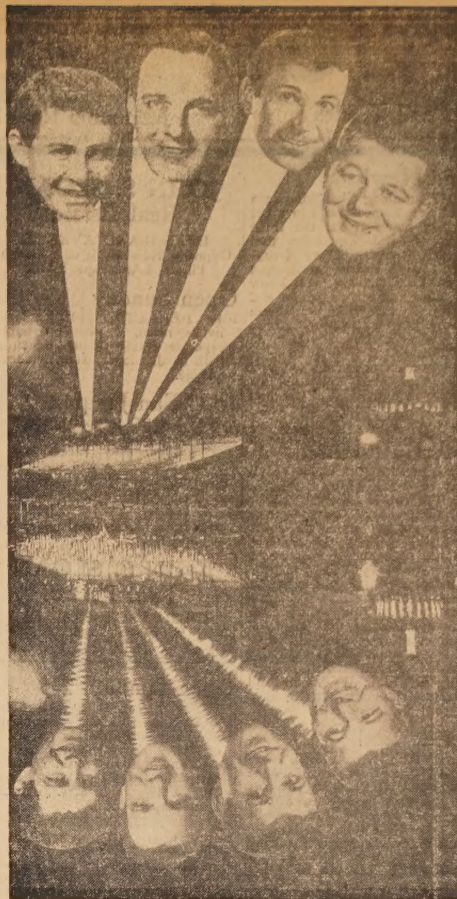

Contributing to the close, thrilling events at the state fair is a special "mobile gate" mounted on an automobile, assuring clean, even starts. Special equipment is used to prepare the track, inasmuch as a different surface is required than for runners.

At least 125 of the best horses on the Pacific Coast are expected, most of which will be housed on the grounds. Others will be brought by van from such points as Stockton and the San Francisco Bay area.

Jack Carson opens the nightly fun sessions with four shows, Aug. 29-Sept. 1, followed by a one-night stand by crooner Eddie Fisher, Sept. 2. Dennis Day fills out the next three days, with Bob Crosby and his daughter, Cathy, rounding out the program, Sept. 6-9. Three separate supporting casts will be presented, selected to please the entire family.**

## Navy Offers Many Opportunities for Qualified Young Men

According to the local Navy representative, there are many interesting careers available for young men in the Navy, particularly for the high school graduate, who will be guaranteed a school upon completion of recruit training, providing he qualifies physically and mentally.

Many careers in the fields of electronics, aviation, guided missiles and ordnance are available to the young men who are interested in these opportunities. The educational training is outstanding! Capable instructors will prepare the new Navy recruit for his place in the electronic and nuclear age of tomorrow. Travel and adventure can be experienced in all parts of the world; good pay and the best of medical and dental care at no expense. Men of the Navy receive 30 days annual vacation and many other benefits that makes the Navy a worthwhile career.

Preparing for the scientific future of tomorrow, young men between the ages of 17-31 can carry out their military obligations towards their country and further their own education. Further information may be obtained at the local Navy Recruiting Station, Post Office Building, Oakland, or by phoning HI 4-2668.

### Brand New!

THERE'S nothing like living in a brand new home—you'll love the spacious living room, the three bedrooms, and especially that large kitchen with oodles of cupboards and tile drainboard. And if you have children, you know how convenient it is to have 2 bathrooms, especially when one off the master bedroom has a fine tiled shower. Location in Richmond Annex, minutes from downtown on new freeway. Full price is an economical \$14,750. Owner may use FHA trade-in plan and take your older home in exchange, or your vacant lot.

### Renters Attention

HAVING trouble finding an apartment or small cottage to rent with the competition? If the influx to the University? If you don't buy your own rental. We have a fine, spacious 3-room cottage, built along ranchhouse lines, with heavy shake roof. It's on a large 50x100 lot, multiple-zoned, ideal for addition of more rental units. Situated on high knoll overlooking the Bay, just 3 minutes drive from Albany. Full price only \$7,750, with only \$750 down and monthly payments of \$95.50. It's vacant and ready for immediate occupancy. Be your own landlord!

### Terrific Lot!

ON LOVELY Albany Hill, overlooking one of the world's most outstanding views. This is a 75x100 lot next door to a \$20,000 home. For only \$3,000 this can be all yours—next year the same lot on 25x100 lots. Also have buyers for duplexes or triplexes. The market has never been better for the home-seller. Why not take advantage of today's price-structure by listing your home with us. A call to our office will bring you prompt action.

### Homes Wanted!

THE 7 salespeople in our office are badly in need of Albany, Berkeley and El Cerrito listings to fill the needs of the many cash buyers that we have waiting. We particularly need 3 bedroom homes, but also have several buyers waiting for 2 bedroom homes on 25x100 lots. Also have buyers for duplexes or triplexes. The market has never been better for the home-seller. Why not take advantage of today's price-structure by listing your home with us. A call to our office will bring you prompt action.

### For Exchange
